- \*The Rose Creek PTA will donate a white shirt to every student and every student is eligible to participate.**
- \*We recommend sending your child with protective eyewear & a mask or handkerchief to cover the mouth/nose and a water bottle.**
- \*Students will be running between a 1/2 mile-1 mile depending on their grade.**
- \*There will be 4 color zones with volunteers throwing non-toxic colored powder. The color will be thrown shoulder height and below. Students may bypass zones if they do not want color on them. The powder is non-toxic and will wash out. However, we recommend wearing clothing & shoes that you don't mind getting color on. There will be blower stations for your kids to pass through as well. The students will not be going back into the school after the event. It is suggested that they bring a towel for the ride home.**
