## Assistant Principal's Message

Dear Rose Creek Families,

Happy Spring! As I write this letter, teachers are finalizing their preparations for Parent-Teacher Conferences. We can't wait to celebrate your children with you! We are so lucky to have your children as our students. Students enjoyed celebrating St. Patrick's Day and Literacy Week in March. We loved watching our younger students search for Leprechauns and all of our students decked out in green. Rose Creek PTA did a wonderful job planning Literacy Week and awards for students who participated. Students continue to be kind and eager to learn.

This month students are going to begin learning about the Golden Gate Kids Pledge #7...

I will be a problem solver!

Students will learn how to solve problems with their peers, friends and others. Children who are able to solve problems on their own are happier, more confident, and more independent. Children who lack problem solving skills may avoid trying new things or may act irrationally when a new problem is presented. When your child faces a problem, give them the chance to solve it on their own. Watch to see how they approach the problem, then talk through it and come up with a solution together. Your child will be able to use these strategies later on when faced with similar problems. They will be more confident in their ability to solve problems because they have worked on mastering it before. A child with good problem solving skills is able to use their initiative and able to weigh-up actions and consequences to help guide their decisions throughout the day.

### PARENT/GUARDIAN CHALLENGE:

This month, we challenge each of you to help your child solve a problem they are having at home. Or, help them solve a problem they may be having with a friend at school. Offer ideas and suggestions of how they could help solve their own problem in a healthy, positive way. Follow up and ask how they solved the problem. Discuss ideas of what they could have done differently.

It is an honor to work with our students and the Rose Creek community every day! Thank you for everything you do to support your child's education.

Sincerely,  
Kimberly Ranney  
Assistant Principal, Rose Creek Elementary
