March 2

Spirit Night at Café Zupas in the District

Principal's Message

Wow! Thank you for the wonderful start to 2021.

We are constantly impressed with our students and teachers. Keep up the great work!

This month students are going to begin learning about Pledge #5...

I will make someone's day.

Students will learn how they can make someone's day and help provide service to others. There are many benefits to providing service to others. Students can acquire life skills while participating in community service.

Some of the benefits of community service are:

1. Psychological Benefits: Volunteering increases your life satisfaction and helps you feel good. It can decrease stress in your life as well.
2. Social Benefits: Volunteering places students into their community. They bond with the people they are serving and their social awareness increases.
3. Cognitive Benefits: Volunteering helps students grow their knowledge, experience new things, and develop communication skills.

PARENT/GUARDIAN CHALLENGE:

This month, we challenge each of you to make your child's day multiple times.. Try to spend one on one time with them doing something special that they love.

Sincerely,
Mrs. Ranney

Congratulations to our January Students of the Month!!!
