

Rose Creek School Community Council Meeting

March 18, 2021 1:00 pm

Welcome

Attendance: Erica Swenson, Karen Egan, Kimberly Ranney, Lance Everill, Lara Smith, Andrea Lefgren, Danielle Tuttle, Hilary Stewart, Maria Johnson, Becky Skolmoski

Trust Land – Trust land funds are a little lower than last year, possibly due to attendance.

Reading Plan – Acadience Data shows that our students are about 65-70% proficient. We believe we can raise that with more phonics instruction. We're hoping to raise K-2 reading by about 6% through the 95% group. Aids can use Lexia lessons to work with students. Paraprofessionals will cost \$94,620. Training will cost \$3,000. \$7,000 is carried over from last year. Leftovers from last year since only 4 paraprofessionals were hired was spent on technology. Students like testing on bigger screens. Could we get a set of large chromebooks to share for testing? Could teachers have their training on Fridays to minimize subs during teaching time? Previous year's training is 3 times a year for half a day to review numbers.

Parking Lot – Lance Everill, Safety officer for the district. Parking lot is safest it's ever been. Biggest problem is that there is only one entrance to the north lot. Rose Creek is doing a great job. If you see concerning behavior with the additional traffic from the Bangerter closure, report to school administration, who will contact Lance and then Lance can report it to police dispatch. You can also go to the Bangerter projects website for more information and to report concerns and ask questions. Lance will follow up with Commander Schastead about metering concerns with crossing guard on 3600. Can't get a traffic light because it's not an intersection and a light costs about \$250,000. Could we get someone to direct traffic during the busy times? Lanes will be repainted this summer.

Stem Lab – PTA is willing to donate money for the stem lab. Kimberly will put together information for next meeting.

Other Notes – Request for learning environment form will be available in April. Summer school with bussing will be available.

Next meeting May 19, 2021 @ 1:00

School Improvement Plan (TSSA) will be discussed.
